“ *I still can't believe you're gone. I'm so glad to have the memories of working with you at First Niagara, laughing til our stomachs hurt or we were crying. Anytime we got together was a good time of talking about any and everything. I will never forget that you came to Children's and sat with me the night Emme had her first seizure, and my parents were in Florida. It didn't matter it was 1 in the morning, you asked if I needed someone and you came. I'll always remember your beautiful smile and infectious laugh. My heart hurts that I won't get to see you again, but I am forever grateful for our friendship. ❤️💔*
