“ Tony was really a great guy. I bought a car that was a stick shift when I was maybe 17 & I didn't know how to drive it. So, he told me he would teach me. I explained to him that I had to learn by that evening cause I had to go to work & he started laughing & said good luck. He showed me the basics & I guess I picked it up quick, cause I drove past their house, they were living on Frankstown Rd. in the log cabin, beeping the horn & waving! He & my sister always had a good time no matter what they were doing. Although I am grieving his loss, I'm grieving most for Linda, their kids & grandchildren.

“ A great memory I have of Tony is when he was one of two fathers who volunteered to chaperone the 5th grade field trip, he took over the rowdy girls for us to keep them under control , we were so grateful to him , we had a lot of fun on that trip, he showed the kind of father he was , very involved, he loved his family, may he RIP .

I knew Tony and Linda from Dr. Mihalek's office. I believe I knew them before too but can't remember. They were people I looked for when they had an appt. Some of the nicest people I met. Tony was always kind and a gentlemen. You could see the love between the two them. I knew of all the health issues Tony endured and was so sad that such a good man had to go through so much , so young. I was praying so hard for him to be healed and pull through. I heard he lost his battle and my heart was broken for Linda and all of his family and friends. May he rest in peace now. Heaven gained an angel and the world lost a good man. Praying for all of the family in their grief
