

## David A. Booze

February 26, 1961 - January 12, 2019

David A. Booze

Age 57, of Clairton, Class of 1979 Baldwin High School, died peacefully with his loved ones by his side on January 12, 2019, following a brief illness, but lifelong battle with brain disease, as he called it, and internal, chronic pain.

Survived by longtime companion, Daneen Thumm; his cat, Lucy; his biological son, Daniel Booze Callaway; sister, Debbie Felipe; his biological mother; and separated wife, Linda Booze.

Dave loved playing guitar and listening to music. He was very intelligent, and was a talented artist and sign painter. He will be dearly missed by those who loved him. May he rest in peace in our Lord's house, in heaven, in peace for all eternity.

Donations in Dave's memory may be made to your local animal rescue.
