“*David Brinker..... I am so sorry to hear that David has left us in the prime of his life. He was an amazing man and a joy to be around. I had the pleasure of working with David for many years in the food business in Northern California. David was so conscientious, always concerned about others and always willing to jump in and serve with whoever needed help. Sometimes he was hard to keep up with because he could move at lightning speed but always with efficiency! I know he will be missed.*

My condolences to his wife and family. Please know that he was loved by so many of us here on the west coast.

God rest his soul and the Lord's blessings to his family.
