“ *mr. smith as I knew him growing up in the 70's, was a kind and generous man with a kind of playful soul. He made you feel welcomed and always had a kind word that made you feel like family.. The beautiful and always kind wife of Don's did everything she could do to make you feel at home. Knowing his children and the class he instilled in them was quit amazing in that they have a lot of their father in them. I was blessed to have know and associated with this great man. May he rest in Peace and Bless his family. May God be with you in this sad time. Keep the memories, and Love one another more now than ever! Sincerely, Gregory G. McAchren (MAC)*
