“ *I am sorry to hear about the passing of Carter. I knew Carter at Mellon Financial when he worked in the Estate Administration department and always looked forward to speaking with him. He was always very pleasant, with a good attitude and I enjoyed his sense of humor. We would often speak about antiques and I shared photos of my personal items that he would give me a detailed background on. He is someone that I will always remember in a very positive way.*

*My condolences to your family on your loss.*
