“ Dear Brian & Family, I was so sad and shocked to hear that Glenn passed away. My husband and I just loved him, he was always so positive and happy, polite and kind.....and funny! We met him long ago when Giant Eagle was open 24 hours, we would go in late at night and always loved seeing him and chatting. When we saw him a few months ago, he was telling us he was looking forward to retiring and we were so happy for him. Every talk we ever had, he always mentioned you, Brian and he'd get that twinkle in his eye, he loved you so much. Well, our sympathy to you all, we are so sorry for your loss, we'll never forget him, he was such a genuinely kind, fun and loving person. Much love to you all and rest well, Glenn.....you were a great man and a valued friend.
