“ Thanks, Dad, for being a great father and always treating us with kindness, understanding and humor. Thank you for providing us with as many opportunities as you could to give us a great start in life including having us work for you after school and weekends at Northern Meat Market in Allegheny Center. You gave us the first-hand experience of witnessing and learning from your hardworking business sense while teaching us to keep all our fingers. You rarely mentioned your WWII service while we were growing up. Recently you surprised us while watching the TV series “The Pacific”. You started telling us specifics about the battles at Peleliu and Okinawa, including the naming of Buckner Bay, because you were there with the 3rd Battalion, 5th Marines, 1st Marine Division. We will always honor your service to our country. Thank you for your numerous golf tips and your patient repetition of them. I always enjoyed our golf outings, especially the ones with you and Mom. I marveled at the number of leagues you and she played in, how good you were and how much you enjoyed it. We know you have missed Mom terribly since she died a year ago, right before your 75th anniversary. We honor your memory as a wonderful father and a much loved grandfather and great grandfather. You and Mom are together again. Rest In Peace. With love from you son.
