“ Jimmy, how can I share all of the memories from our childhood. I always remember you in my memories. Luann and the entire Ahearn family is part of all of my childhood memories as you were my second family. From the times on Orchard way to Patterson avenue to Sunny Hill farm. There are countless good times and also some bad times that we had together. You were always there to protect Luann and I and be our big brother. You made us laugh and sometimes made Luann cry. I'm so thankful that I got to be such a big part of your life in our younger years. Even though we didn't see each other as much as we grew up and went our separate ways. I knew when I did get a chance to spend time with you it was as if we were never away. Your life ended way too soon and I only hope and prayer your are at peace now and reunited with the family that went before you. You'll live on in my heart and my memories forever. Be a free bird it's time to fly. Much love to you . I'm thankful to have been a part of your life. Amen

“ Oh Jimmy, Jimmy, Jimmy how I'm going to miss you so. Our memories of growing up as kids from Carnegie are forever etched in my mind. I'll always remember your jokes, hearty laugh and your love of loud music. You could be kind, thoughtful and loving. I always knew you had a soft spot. Thank you for loving me and for being my Big Brother.

“ *My memories of Jimmy we're always good ones. I met Jimmy 40
years ago when I met my wife and her three crazy brothers one of
them being Jimmy. He sure was a wild one and like to party and
have a good time and I was all for that. But Jimmy was always a
good friend to me we always had good talks and discussions about
whatever crazy topic he would like to talk about. But he will surely
be missed by me and his sister Luann.*

*Sincerely
John Weagly*
