“ *I will truly miss my friend. He could always make me laugh and he told the best and most animated stories ever. He may have had some personal struggles but thru it all Jack continued to have a good heart and was always willing to help with anything I needed. RIP my friend.*

“ *Lots of memories of the boys and their band. Hauling those huge amplifiers around. And Jackie going camping with us at the old stone quarry. Very sad. Hugs to you and your Dad.*
