“ I attended Clarion University with Kyle, We both graduated in 1985 ( I believe). As with many friendships, this one ended in Clarion. Through the many years, I have often wondered how he was doing. In the 37 or so years since graduation, I attended several Autumn Leaf Festivals, (mostly before the internet). In college, Kyle was friendly, sociable, studious, and just plain fun. I do not think I ever remember Kyle being sad or depressed. (perhaps a few angry days!). He was always joking around, and was eager to help with school-work. I was from Philadelphia and we would joke that New Bethlehem was just like a "little Philadelphia! He was very proud of New Bethlehem (it was nothing like Philadelphia, we did not have a Riverside Market!!). Kyle always loved teaching, I remember how happy he was when he was student teaching. I am very happy to read that he made teaching career. I am glad Kyle met Paul, I know their relationship was great!  
In closing, I will say Kyle was a son, a husband, a teacher, a brother, and I am sure a friend to many people. In the end, Kyle Adams did his job well.

Thank you

So sorry,

“ I met Kyle when I moved to the neighborhood in FL early last year. In a short time I learned Kyle was a kind, helpful and funny man. Always ready with a gardening tip, a funny quip, or a kind and patient ear to hear of my travails with my home reno. My deepest sympathy to Paul and the entire family, Kyle will be missed and remembered.

“ My deepest condolences to all of Kyle's family. He always spiced up our 3rd Grade District Team meetings and had a funny story to share. I loved hearing about his home remodeling and how he helped several of my team members find new permanent and temporary homes in Florida. He will be missed. Katie (Formerly 3rd Grade O'Hara)

“ Paul, I know we haven't connected in awhile but I still have fond memories of our meeting. Kyle was actually my first friend I made before even moving to Tampa almost 20 years ago. I've collected and treasured so many memories and so sorry more weren't added. You both were my closest friends and are responsible for connecting so many of us who are still wonderful friends. I will always be grateful. And my heart breaks for you and Kyle's family as I know how very close you all are. Please accept my sincere condolences as I join you in mourning for Kyle taken too early in life.

“ Kyle and I met in elementary "Honors Band" where he played clarinet and I played percussion. Kyle could sit closer to the edge of the chair (and still play the clarinet) than anyone I've ever known. Throughout HS we were involved in many of the same musical activities, and his family felt like my family. It still does. Years might go by and we wouldn't connect, but then when we did, it was if we had just seen each other yesterday. As we were approaching retirement from teaching, we were able to talk more and share many silly stories from the past. He always made me smile. My prayers continue for all of you. We have all suffered a profound loss.

“ Kyle always called me Posie. He wanted to learn how to drive a car with a stick shift shortly after getting his license. So one day I said let's go for it Kyle. I'll teach you. We often laughed about his experience learning to drive my pick-up.

“ Dear Paul,  
Our condolences on the passing of Kyle. From experience, I realize there are no words that will help. However, Kerri and I will always remember how Kyle always welcomed us to various get togethers, dinners, and obviously on our trips to Florida. He treated Dalton like his own nephew and that is something we will never forget. We will continue to think of you during this extremely difficult time.
