“ *Lodi was the first and only resident in the neighborhood, that knocked on my door, and welcome me in the neighborhood, along with giving me her phone number. She was invited in, and from there we became the best of friends. In the mist of our friendship we both had the pleasure to met each other's families. Getting to know her was easy, because, she was a real genuine person, with a heart of gold. The way she uplifted many with her love was another plus to her character. Keeping her in my mind and in heart. I will never get the chance to miss her, because everything she stood for and everything she meant to me will for ever live within me. Though gone and never forgotten, may she and family forever be blessed.*

“ *Lodi and I moved into the village the same year. She was a wonderful friend and we had some great times together. My husband always called her Lod I and she went along with that for years. She has been gone from Heritage for a while, but I will still miss her, knowing she is not across the street. Take care. Maryann Redovan*

“ Lodi was a faithful member of the Garden City U.M. Church for many years.
Her pleasant manner and lovely voice graced our music ministry during her membership.
She was a dear friend to many of us, and she will be missed.

From one of her many friends.

I knew Lodi from Clubhouse activities. She did come to our Bible Study for a while. One day she was so frightened for her future, that I hugged her and prayed for her in that very moment. She thanked me with tears in her eyes, & said she was often confused about things, and it upset her. Now we all know she is at complete peace, with no worries of any kind. I was privileged to know her. Joyce Crissman
