

Louis A.R. Guido, Jr.

December 7, 1933 - October 15, 2022

Louis Anthony Guido Jr. A name cool enough to sound like an Italian Urban myth. Louis was a god-fearing, faithful, family man who loved unconditionally. He loved his music, especially his bass and Michael Buble. He loved sports, mafia movies, and Jeopardy. And he loved to scream the answers at the screen. Louis also loved spending quality times with his buddies playing cards and bocce. Although, the thing he loved the most was his family.

Louis was married to the love of his life "Ginny" for 65 years. Together they built a beautiful family of 2 sons, 1 daughter, 4 grandchildren, and a great grandchild named after him. Louis leaves behind the legacy of his loving family. We will remember Lou as the one who brightens a room, loves the toughest, and always had an answer for everything.

Louis' many last words contained a word of advice that he wished everyone to take: "Go live your life, you only have one! I lived mine well."

“ *Lou whose going to sharpen my golf skills moving forward. I'll never get out of the 7's. I cherish the couple times we met for golf lessons. I had more laughs over hitting a bucket of balls. My golf clubs will remind me of you everytime I grip to swing. Thanks Lou. Hope you and my dad are swinging some clubs. God Bless.*
