“ Mrs Gosser was my art teacher in junior high school. More than that she was the inspiration of my art and interior design career which spanned over 40 years. I still have the tattered folder from 8th grade about "decorating". There are clippings from Penny's catalogue of lamps and chairs. Little did I know it would lead to a successful fulfilling career or ribbons won in art shows. I was thrilled to visit her a few years ago. I will never forget my dear teacher.
