“ *Marge was my bus monitor the year I started driving in 1998. I picked her up at her apt. we got the children then she worked at Conroy. She taught me alot about Pittsburgh I was scared to death about driving in the city. She showed me detours and etc. She always encouraged me dont know what I would of done without her getting me thru those beginning years. I have fond memories of her. Sending condolences to the family.*
