“ *Even if Mary wasn't feeling well, she always had a smile and even a laugh to offer. I loved visiting Mary when i could because of how she made me feel. I felt welcomed and loved no matter what. Grateful to have had the chance to know you. Rest easy.*

Thanks Terry, my Mom and Dad always talked about how sweet you were and how much you both were always kind enough to lend a hand when they needed help. Once I met you , I understood why they thought so highly of you. Thank you for sharing !

“ Fondly recall Mary's joy when she was surrounded by her family for birthdays and holidays. She created special meals, traditions, wonderful presents and surprises for all.

Additionally she enjoyed sharing Ninos pizza with peppers while watching a Buffalo Bill's or Sabres game on TV surrounded by her animals resting on her handmade quilts and Afghans along with children and grand children with fireplace on and candles lit.

Mary and I enjoyed talking about our families current events politics and grandchildren's activities

Lastly she will be remembered as a great fisherwoman..cook..devoted wife mom and grandmother

RIP Mary

You will not be forgotten

“ My mother was a very caring women who kept a tidy well organized household. She was especially fond of creating excellent meals in a all join together at the table atmosphere. Her spaghetti was second to none and Eve tossed the idea she should open "Mary's spaghetti shop". She always offered a wide variety of home cooked meals. In addition to that my family was always very caring towards animals, as we had many many dogs and cats. We certainly enjoyed many travel experiences, as we loved camping. We were always involved in sports like hockey, I remember playing with my dad in a seniors league,I was the goalie. Mom was a great figure skater who took many lessons. She was also very active in the on stage theater and we all played a role at one point. Alot of fun moments together will be surely missed. Rest in peace mom, you were loved very much and feel very blessed to have called you, my mother!

“ *Kim, when I think of your mom, I think of someone who warmly embraced your teammates and friends as if they were her own kids. I will always be grateful for that.*

In addition, I remember her always being close to your dad. I'm glad they will be together again.

*Sending your whole family my best,
Cheryl*
