“ *Mel Hook was my mentor. I met him through the Ohio River Valley Water Sanitation Commission, where I was employed. He served the Commission (ORSANCO) for many years. I was the public information/education manager for more than 25 years and during that time, Mel supported me in every aspect of my job. He was a cheerleader for all my programs and especially the Ohio River Sweep. I dearly loved this man and what he stood for. Rest in Peace my friend. I still think of you often.
