

Michael David Stone

December 14, 1954 - February 20, 2021

Michael David Stone

The family and friends of Michael David ("Mike") Stone mourn his passing on February 20, 2021 from the effects of a stroke.

Mike grew up in Weston, Connecticut but following college at Gettysburg College (BA, Sociology) and graduate school at Shippensburg University (MS, Counseling) settled in Pittsburgh where he lived most of his adult life. Since 1980, Mike worked as a career counselor for veterans via the Veterans Leadership Program and for the Veterans Administration in Butler, PA before retiring. He enjoyed his involvement, and tried to make contributions to, Toastmasters, PFLAG, and the Shepherd Wellness Community in Pittsburgh where he served on the Board of Directors. As much as he enjoyed helping others, Mike also loved learning and read voraciously. He enjoyed traveling to see the US and world whenever he could. More recently, Mike worked part-time at the Hartwood Mansion and for Rivers of Steel where he enjoyed helping to promote all Pittsburgh has to offer.

Mike is survived by his loving family; his brother, Eric and Eric's wife, Kate; Mike's niece, Caryn Jenkins, her husband Paul, and children Peyton, and Isla; and his nephew, Sean. All loved their "Uncle Mike" his magic tricks, jokes, and kindness. Currently, the family plans to hold a memorial service after Covid-19

has receded somewhat.

Mike was very charitable and people who wish to remember him are encouraged to make a contribution to a charity or "good cause" of their choice.
