“ I met Zab through her work friend Shelley. Shelley would have Steeler parties on Sunday and Zab would be there. She would say I don't want to know what the score is on the football pool until the end. Of course we would scream football pool score every time it changed . she said we made her drink more every Sunday, because we harassed her so. we will miss you, my friend. I'm still going to yell at the score every time it changes just for you.

“ Nancy was a colleague of mine at St Francis she was your go to she knew everything, I felt like if you worked that evening shift and Nancy was on, everything was gonna be ok! The patients that Nancy laid her hands on were extremely lucky to have had her as a nurse. I'm proud to call her my friend and colleague. My condolences to all who loved her and worked with her. This world lost a truly great one!

“ Nancy and I were friends for many many years. She was a wonderful and kind human being. She had a very dry and quick sense of humor. She would do anything for you. I will miss you my friend. I am sure you are at peace and with God and pain free. As we always ended our conversations: Love you Zab...❤️☐
