“ *I knew Patty for many years as her family came to the dental practice at which I worked. She was such a light. Always smiling and sharing the delightful parts of her life. There are some people that come into your life that make you smile and Patty was one of them. May she rest in peace. Pat Sippel*

“ *I will always remember my cousin, Patty's welcoming and upbeat personality. She was a great hostess, especially on Thursday morning teas. She will be remembered fondly and will be missed! xoxo Faith and Bob*
