“ *I hired Paul at Genoa and was fortunate enough to spend many hours over the last few years with him. I was always impressed by his positive attitude and ability to connect with people. One of my favorite memories of Paul was when he and I flew to NYC together and we had to make an emergency landing at JFK! Man we're we glad to touch down that day. Many jokes and stories came from that day and I cherish them. With Love, Branden Robinson*

“ Hey Cuz’ we had the best of childhood’s growing up, with our families all around us for holidays, birthdays, communions or just get togethers. Our sleepovers, playing baseball, reading comic books or just kick’N it with NaNa on her porch glider was the best. Rest well Cuz’ we’ll see each other again. Our condolences Kimberly, Dave, Mike and Steve, we love you all.

“ Reggie and I did the landscaping thing way back when. The kid made landscaping fun. He was such a positive and funny guy that I hung the nickname “Reggie” on him. We both agreed that he was built like Reggie Harrison of the Pittsburgh Steelers. He deserved the nickname, and we laughed about it all summer. I think he liked it. Condolences to the wonderful Veltri family....

*I have great memories of Paul from being playing baseball together with his dad being our coach to being in home rooms a few times during the school years. Paul always had us laughing and always had that great smile on his face! I'm sorry that over the years we've lost touch with one another but a few years back we ran into one another and there was that smile and remembering some good times that we had as kids! Paul's passing leaves a deep sadness but has me thinking once again of the good times we shared!
Paul I know you'll be missed by your loving family but also from all of us that knew you growing up! RIP my old friend! God's Speed from class of 76!*
