“ Terry was a friend to me and my husband Michael, and was a friend to many ~ that, I know. He was a hard worker, very creative, and was willing to help out if there was ever a crisis. Terry was instrumental in the renovation project at the Old Recovery Room, now known as Huszar, He also did some work for my parents when they were still alive, and was so patient and genuinely respectful to their needs and way of life. When they abruptly died, Terry was certainly there for me and Michael, and helped me see my way through a bad situation. He certainly had his own unique personality, but I learned to appreciate the good he had to offer, I am a better person for knowing him, and we will certainly miss his presence. May he rest in peace, and our deepest condolences to his family. I know we will never forget him. ~ Judy and Michael Torma

“ Terry was my dad...he was a good man and hard worker. When I was a little girl he played the lottery every day. He made me a wooden boat (he was a great artist also) but when he would have a losing ticket we would go to the creek by our home and sail the tickets down the creek. That's my favorite memory.
