“ Vince played the organ in a band with my brother, Bobby, when they were in high school. Vince was always laughing and having a good time. I remember when he mastered the organ solo for "In-a-gadda-da-vida". He was so proud of himself for that. That was a happy time. Rest with God, Vince.

I have know Vince, Ro, and Tommy since I can remember growing up on Reifert Street and at the Lake. We had some fun times goring up. I have fond memories of all those years until adulthood where our lives were sent in different directions. But I hold these memories close to my heart. I'll never forget all of you. Peace my brother. And peace to Lucy, Ro, and Tommy. Love you all.
